

DIN ISO 6003:2018-06 (E)

Alpine skis - Determination of mass and polar moment of inertia - Laboratory measurement method (ISO 6003:2017)

Contents	Page
National foreword	2
Foreword	4
1 Scope	5
2 Normative references	5
3 Terms and definitions	5
4 Apparatus	5
5 Sampling and conditioning	6
6 Calibration of measuring device	6
7 Procedure	7
8 Expression of results	8
8.1 Mass of the ski	8
8.2 Polar moment of inertia of the ski	8
9 Tolerances	10
9.1 Measurement tolerances	10
9.2 Tolerances on published data	10
10 Test report	10
